The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as of weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

Miss Julia A. Van Sickle, of 724 No. Ninth street, Fort Dodge, Iowa says: "Last winter I suffered from loss of appetite, general weakness and exhaustion. I had no desire for food of any kind. I had a nervous headache nearly every afternoon, especially when I began to get tired. My heart also troubled me-skipping a beat every once in a while.

"My father urged me to take Dr. Williams" Pink Pills as he thinks very highly of them. In a few days I saw they were helping me. My appetite returned and I have not been bothered by stomach trouble or nervousness since."
